## **This year get more for your money with our partnership**

As the PSHE partnership, we have been able to support each other in our need to comply with the new statutory guidance for RSHE (DfE,2019) but whilst the work will continue in making sure that statutory RSHE is taught well in Newham's schools, it is also important for our pupils to gain knowledge and skills concerning other issues such as economic well-being and citizenship.

By signing up to The Newham PSHE Partnership, you will get more for your money this year as we have kept prices low, even with our costs going up.

The news has been full of content recently concerning PSHE/RSHE. The Government are conducting a review into RSHE, three years on from the 2019 statutory guidance being implemented.

Schools PSHE/RSHE policy will need to be revised and updated in the next academic year , including parental consultation. The Newham PSHE Partnership has the experience, expertise and ability to train and advise staff and keep the SLT up to date with the changes they need to implement.

Ensure that your school is abreast of any developments, staff are trained and informed and that PSHE is of high quality. Ensure that Personal Development in your schools is Ofsted ready and your PSHE is sensitive, effective and robust, equipping your pupils for life in 21st century Britain, by joining the Newham PSHE Partnership for 2023-24.

Prices on page 11 are for schools with 500+ pupils; for schools with below 500 pupils a bespoke price will be calculated for your school based on your pupil numbers on enquiry.

## PSHE Association Membership

Through purchasing this together as a borough we can lower the price for each school, by the special deal we have negotiated saving each school £55.

As a member of the Newham RSHE Partnership you will have free membership of the PSHE association, which provides curriculum plans, resources for schools governors and parents, and which informs the policy and practise of the DFE in this field. If your school joins outside the partnership the cost would be £135.

## SLT Webinars and Briefings

The Partnership provides regular briefings and updates for Headteacher's and senior leadership teams in schools throughout the year. We are committed to ensuring senior leaders have access to our partnership advisors.

The first webinar of the academic year will be for the productive and efficient running of parental consultations. Date to be advised.

I feel more confident to share best practice with our staff and ensure that we deliver a quality RSHE curriculum

This will be an important part of how we work going forwards in the development of our Young Women and Girls Services including Schools Engagement work. I will ensure this training and knowledge is fed back to the team and embedded in our practice. Thank you to the wonderful leaders for this training

Cost:

Free to partnership schools;

Price for attending outside the partnership will depend on the length of a briefing for example: 30 mins = £30; 1 hr = £60.

# Secondary PSHE Network Meeting

This year we are separating out our traditional 3 hour network meetings each term into a 2 hr network meeting and a 1 hr master-class. This is to allow for more PSHE/RSHE leaders to attend from all our secondary schools.

PSHE network meetings are run to give an opportunity to bring together PSHE leaders and teachers within secondary schools to meet, network and work collaboratively on projects, helping in middle manager responsibilities.

## Network meetings will:

- Update subject leaders on Local and National information;
- Help subject leaders understand their role and responsibilities within school;
- Share best practice models and examples in PSHE/RSHE; and
- Work with outside agencies to provide short CPD session supporting schools in delivering high quality PSHE/RSHE.

## Dates for Meetings in 2023/24

Thursday 5th October 2023 @ 3:45-5:45pm

Wednesday 28th February 2024 @ 3:45-5:45pm

I always find the updates very helpful - to talk about the scheme of work we are using and to hear how other schools are using it/adapting it

## Internal & external compliancy reviews of RSHE

The Newham PSHE Partnership (previously the RSHE Partnership) has spent the last three years preparing schools to effectively deliver RSHE as stipulated by the DfE Statutory Guidance (2019). Most schools are doing an amazing job at teaching this new curriculum, but may still feel that they want to ensure that their policy, curriculum content, parent engagement and the confidence and ability of staff to teach RSHE are compliant with the guidance. To support schools in this The Partnership are able to supply schools with three levels of review. Documents have been devised, by way of:

1. A questionnaire for pupils
2. A questionnaire for the RSHE Lead
3. A compliance matrix (which outlines curriculum are as that should be taught and how teaching should be carried out)

There are three levels of review that can be carried out in schools.

### **1. Basic Internal review**

Providing documents for a school to carry out their own compliance review.

These will be licensed to individual schools and should not be shared, even with in MATS.

**Cost: £150**

## **2. Supported internal review**

Documents provided and then worked through with an Advisor to ensure compliance with the statutory and additional guidance. Support and advice given where needed.

**Cost: £350 for half day  
£650 whole day**

Any additional time needed will be charged at £250 a half day

## **3. Independent external review**

This will include the above, but also a website, policy and curriculum review, pupil consultations, book look and staff discussion. A written report can also be commissioned.

**Cost: Bespoke prices arranged depending on the size of the school and the amount of support needed**

# Dealing with Controversial Issues

How do you deal with conflict and contested issues in the classroom around RSHE?

This one-day course will cover how, as schools and teachers, we can ensure any controversial issues such as trans identities, puberty, religion, LGBT+, diverse identities and language are well handled in the classroom.

Dr Jo Sell and Claire Clinton will lead this day to support you thinking through how we handle controversial issues in our classrooms.
